🪪 PROFILE

Front-End Developer Fresher
with knowledge of HTML, CSS, JavaScript, Bootstrap, React.js, and API integration.
Passionate about building responsive and user-friendly web applications, continuously learning modern technologies, and eager to start my career through an internship or entry-level position to apply my skills and grow professionally.

🎓 SKILLS

Core Technologies :
HTML5 || CSS3 || JavaScript (ES6+) || React.js

UI Libraries :
Bootstrap || Tailwind CSS

Tools & Techniques :
Git & GitHub || Fetch API || Axios Api || JSON || DOM || BOM || REST APIs || OOP Basics.

Design & Layout :
Responsive Web Design || Flexbox || CSS Grid || UI/UX .

📂 PROJECTS

Personal Portfolio Website 🔗
Developed a responsive personal portfolio website to showcase my front-end projects, skills, and achievements. Built using HTML5, CSS3, Tailwind CSS, and JavaScript, with a focus on clean design, user-friendly navigation, and responsive layouts compatible with desktop and mobile devices.

Reda Store (E-Commerce Platform) 🔗
Created a full-featured e-commerce web application named Reda Store using React.js, Bootstrap, and API integration for product management. Implemented features including product listing, shopping cart, user authentication, and checkout functionality, focusing on responsive design, seamless user experience, and clean code practices.

Aqar Misr – Real Estate Website 🔗
Developed a responsive real estate website using **React.js** and **Bootstrap**. Focused on creating a clean and user-friendly interface optimized for both desktop and mobile devices.

Netflix Clone 🔗
Built a Netflix-style streaming platform clone using **Bootstrap**, **HTML**, **CSS**, and **JavaScript**. Features include movie browsing and a responsive layout for various screen sizes.

Pizza King Ordering App 🔗
Created a pizza ordering web app using **Bootstrap**, **HTML**, **CSS**, and **JavaScript**. Implemented interactive menus and an easy-to-navigate user interface.

Shopping Website ✎
Developed a modern e-commerce shopping website using **Bootstrap**, **HTML**, **CSS**, and **JavaScript**. The project features product listings, interactive UI elements, and a user-friendly layout optimized for desktop and mobile devices.

Tic-Tac-Toe (XO) Game ✎
Developed a classic Tic-Tac-Toe game using **HTML**, **CSS**, and **JavaScript**. The game features interactive gameplay with a clean and responsive UI, allowing users to play against each other with real-time updates.

CRUD Application ✎
Developed a fully functional CRUD (Create, Read, Update, Delete) web application using **HTML**, **CSS**, and **JavaScript**. The project demonstrates dynamic data handling, user input validation, and real-time interface updates, showcasing strong front-end development skills.

To-Do List App ✎
Built a functional To-Do List web application using **HTML**, **CSS**, and **JavaScript**. The app allows users to add, mark, and delete tasks with real-time UI updates, demonstrating DOM manipulation and interactive front-end logic.

🎓 EDUCATION

Helwan University – Faculty of Social Work
Bachelor's Degree (In Progress) – 3rd Year

🌐 LANGUAGES

Arabic – Native

English – Good

📚 COURSES

Front-End Development – Mag Camp Academy
Completed an intensive Front-End program covering HTML5, CSS3, Tailwind CSS, JavaScript (ES6+), React.js, and responsive design. Focused on building real-world UI components, applying clean code practices, and mastering version control with Git & GitHub through hands-on projects.
2024 – 2025 | Giza
